Client

Name: **Resourcing Parents**

Project: **LTSRP App** (IOS, Android)

Date: **Ongoing Since 2017**

Site: **ltsrp.resourcingparents.nsw.gov.au**

Brief/Objective

The Love Talk Sing Read Play app contains information for every family to help their child/ren learn and develop. Create an application that helps new families navigate through the care needs of their child/ren.

Development

This app has been developed as a Families NSW project in partnership between South Western Sydney Local Health District, South Eastern Sydney Local Health District, Sydney Local Health District, Families NSW St George Child and Family Interagency and Resourcing Parents.

The App required to get help on how to help your child/ren learn and develop. It needed to send reminders on immunisations and blue book checks, be customisable with photos of your child/ren add captions or used the ones provided and create a memory book and use the generic parenting contacts or add your own personalised contacts.

The LTSRP app also was enhanced to reach a broad group of new parents and be available in Arabic, Bengali, Chinese, English and Nepali.

Result/Outcome

FAQ was able to deliver a fully functional product with-in the expected time-frame and on budget.

FAQ continues to support the LTSRP, Resourcing Parents and NSW Health and tehir districts.

From the Client

"I appreciated working in person with the same reliable developers whose expertise offered up to date solutions that enabled our Website, Web-App and Mobile applications to grow and expand in quick time. "
